REPUBLIC OF SOUTH AFRICA

ANNUAL LEVY REVISIONS

April is an important month in the fuel price calendar when we revise road and pipeline tariffs, as well as fuel and Road Accident Fund (RAF) levies. These will be incorporated into the price structures of petrol, diesel and Illuminating Paraffin (IP). Levy revisions added about 26.00c/l to the fuel price in Gauteng. International factors amounted to about 106.00c/l on petrol and 56.00c/l on diesel and IP.

CONTRIBUTION OF THE RAND/US DOLLAR EXCHANGE RATE

On average the Rand depreciated against the US Dollar from 13.80 to 14.36 during the period under review.

This increased the contribution on the Basic Fuel Price of petrol, diesel and illuminating paraffin by between 28.00c/l and 30.00c/l.

BRENT CRUDE OIL PRICE

Increased from 64.04USD to 66.01USD per barrel during the period under review.

This led to higher prices of all the petroleum products which increased the contribution on the Basic Fuel Price of petrol, diesel and illuminating paraffin by about 78.00c/l, 26.66c/l and 25.76c/l respectively.

RAND / US DOLLAR EXCHANGE RATE

Compared to the previous period, during the period under review the Rand appreciated, on average, against the US Dollar from 14.30 to 13.90 Rand per USD. The effect was to lower the contribution to the Basic Fuel Prices of petrol, diesel and illuminating paraffin by 9.24 c/l, 10.85 c/l and 10.97 c/l respectively.
