#### **Fuel adjustment for the month of April 2011**

The following fuel price **increases** will be effective from 6 April 2011:

1. Petrol (all grades) – 54.0 c/l
2. Diesel (0.05ppm) – 70.4 c/l
3. Diesel (0.005ppm) – 69.4 c/l
4. IP (wholesale price) – 48.6 c/l
5. IP SMNRP – 59.0 c/l
6. LPG – 50.0 c/kg

The reasons for the fuel price increase are (a) the high crude oil prices, (b) Road transport and pipeline tariffs adjustment in line with NERSA and Road Freight Association processes, (c) Fuel levy of 10 c/l and (d) RAF of 8 c/l as announced by the Minister of Finance in his budget vote speech in February 2011.
